U S Dept of Justice

In my opinion, the terms of the findings of the Court of Appeals ruling has been met by Microsoft who has not only met but gone beyond said findings. Microsoft has agreed that the terms are reasonable and fair to all parties involved. It's time to drop the matter and allow Microsoft, as well as the industry, to move forward. Please NEVER forget what MICROSOFT has done for the INDUSTRY.

Thank you for your attention to the foregoing.

Sylvia Earnst
